International team – **English is the team language**

VR Mondo is hiring!

VR Mondo is a young, international tech startup based in Halbe, Brandenburg.

We are currently developing an immersive VR learning application as part of our project "Lerni", which is funded by the ILB with support from the EU and the Land Brandenburg.

The application focuses on teaching medical and nursing terminology, specifically tailored for international healthcare professionals.

We're looking for a **creative, digitally-savvy mind** to join our team and help shape our visual and social media presence.

Your Role

- Manage and create content for our **social media channels** (Instagram, LinkedIn, etc.)
- Design engaging **graphics, reels, and presentations**
- Experiment with and apply **AI tools** (e.g. ChatGPT, DALL·E, Canva)
- Collaborate on **content strategies** for product development and community building
- Support **UX/UI design** initiatives

Your skills

- A strong sense for design, storytelling, and visual language (portfolio appreciated)
- Hands-on experience with content creation tools (Canva, Figma, Adobe etc.)
- Curiosity and openness toward AI-powered creative tools
- Independent, organized work style
- Excitement for international collaboration and purpose-driven projects
- Very good English skills (Esperanto is a bonus 😊, but not required)

What you can expect

- Creative freedom with direct impact
- A meaningful role at the crossroads of tech, language, and social impact
- An inspiring team of VR developers, language educators, and cultural connectors
- A supportive space where innovation is encouraged
- Flexible hours and one team day per week at our base in Halbe (Esperanto-Stacio)
- The compensation is based on the collective agreement for public service (Tarifvertrag für den öffentlichen Dienst; TVöD).
